The goal of 1,000 students approached was met with 1,116. From these students we found 32 who love Jesus and are sharing Him. After so many no's, it was so encouraging and unbelievable when we found someone that told us they share or want to learn to share their faith.

First thing Monday morning I met a student named Paul. I approached him on the campus and ask if he loved Jesus and has ever told his friends about Jesus. I could see in his eyes that he was surprised and then he responded with a yes. Then I clarified what it means to share the gospel with others. He said he was a Christian and God had been putting it on his heart to go share his faith. So I invited him to a meeting we had planned so that the students we found could meet. Then I challenged him to come with me the next morning to go meet random students and share the gospel. It was a week full of not knowing who to talk to or where to go to find students. We were constantly stopping and asking for the Holy Spirit to lead us and help us. This is so not easy but so satisfying. I really grew in trusting the Lord this week. We saw Him practically provide for us many times.

After working for Cru for 8 years we are able to take a 30 day sabbatical. So finally after 11 years we are going during October. We are not taking this time because of burnout but we will use this time to spend with God reading, praying, and enjoying Him. We will also spend time as a family playing and enjoying each other. We are very thankful to you for your partnership with us so that we can take these 30 days to pursue God.

#5 is due Dec 7th. We are very excited to meet him!
